Dear Parent/Carer

We have been notified of a website that is popular with young people called 'Omegle'.

Omegle is a website that pairs random strangers for live text or video chats. Anyone can use the site and users choose whether they 'Text' or 'Video' chat with others. Whilst young people may see this as a good way to make new friends, the site is known to have inappropriate and sometimes pornographic content within chats.

Within this letter I have enclosed an information sheet from National Online Safety. This sheet gives you much more information about Omegle and ways for your child to use it, and other social media sites, safely. Please read through the information sheet.

National Online Safety have recently created a 'Parent App' that you can download. This app gives you up-to-date information on online safety and ways to protect your child further. You can download the app from your App store on Apple or Android. The link for more information is here: <https://info.nationalonlinesafety.com/mobile-app>

We will continue to provide students with online safety within school as part of our PSHE programme. If you have any concerns around your child's use of social media, please do contact us. If there is anything your child accesses or sees that is illegal, please contact the police immediately.

Thank you for your continued support.

Kind regards

*C Harrison*

Mrs C Harrison  
Assistant Headteacher
