Learning Together. Achieving High Standards

How can you prepare for your meeting?

Think about:

Your current situation - what planning you've already done, if any?

Do you know what qualifications or additional qualifications and experience will be required for the career you are interested in?

How much control do you feel you have in making your own choices?

The ideas you already have but don't know how to move forward with or perhaps you need support identifying areas of interest that link to your skill set?

Some of the benefits of a career's guidance meeting:

- a 1:1 meeting offers impartial advice
- greater self-awareness
- increased motivation and self-confidence
- identification of achievable ambitions
- improved decision-making skills
- increased awareness of opportunities.
